

Bremen Chamber of Commerce

October Meeting Minutes

8 AM at Nisco

15 members attended

Thank you to Nisco for holding this months meeting held by manager Leah Oden, who started 22 years ago at Nisco on the floor is now the manager of the Bremen location. Next months meeting will be held November 13th at 8 AM at Bremen Castings.

Bremen Community Cares had a proposal for the Live Windows to start at 5:30 instead of 6 PM so people could enjoy the windows while getting darker outside & focus a little more on the windows. The chamber took a unanimous vote to keep all times as is, due to the advertisement for the ceremony had already been posted. However, we will take another look at this proposal next year. Last year, we had 9 windows that participated in the Live Windows Ceremony.

The Town lighting ceremony will begin at 6 PM, the actual lights will come on at 7pm & Mr. & Mrs. Claus are due to arrive at 7 PM.

Mr. & Mrs. Claus work very hard each year, so we are putting together a gift basket to show them how much we appreciate them putting their personal time in for our community. We are accepting all donations up to December 9th (they can be dropped off at the Town Hall).

The Chamber is always open for new locations to host the monthly meetings. The company will host the first part of the meeting to educate us on what their company does & also gets a spotlight for the monthly Chamber newsletter. Every month we keep getting more & more members to attend our Chamber meetings & we get to learn about our local businesses. Speaking of, the Chamber renewals are coming due in January, we are open to any thoughts & suggestions & how to get more companies to sign up.

Looking forward to seeing everyone next month at Bremen Castings!
